

# Car Exhaust detail chart

Car exhaust is a major concern regarding attached garages

CAR STARTS IN GARAGE  
CAR IS PARKED IN GARAGE

HIGH CO IN EXHAUST  
ON START UP

GARAGE CO = SEVERAL HUNDRED PPM

GARAGE DOOR CLOSES

GARAGE = HIGH CO RESEVOIR  
FOR HOUSE INFILTRATION

CO ENTERS HOUSE  
FROM GARAGE

**AS GARAGE CO GOES DOWN,  
HOUSE CO CONTINUES  
TO RISE FOR HOURS!**

“74% of all carbon monoxide detectors that went off in the home were triggered by pollutants and toxins leaking into the home from the attached garage”

*-University of Minnesota,  
Department of Agriculture study, 2009, 2011*
